Easy to combine with breastfeeding Natural latch on

Enjoy the lightweight durability of our premium Natural PPSU baby bottle. The ultra-soft teat is wide and breast-shaped, with a flexible spiral and petals to promote natural latch-on – and make it easy to combine bottle and breastfeeding.

Easy to combine breast and bottle feeding

- Natural latch on due to wide breast shaped teat
- Skin-soft teat designed for a natural feed

Other benefits

- Simple to use and clean, quick and easy assembly
- Ergonomic shape for maximum comfort
- Teats with different flow rates available

Premium PPSU material

- A high heat resistance*, lightweight material

A comfortable and contented feed for your baby

- Flexible spiral design combined with comfort petals

Air goes into the bottle, not baby's tummy

- Unique anti-colic valve technology

Highlights

Natural latch on

The wide breast shaped teat promotes natural latch on, making it easy for your baby to combine breast and bottle feeding.

Skin-soft teat

The teat with soft silicone texture helps to create a natural feel.

Flexible spiral design

Flexible spiral design, combined with our unique comfort petals to create a flexible teat, allowing for a more natural feed without teat collapse.

Made with premium PPSU

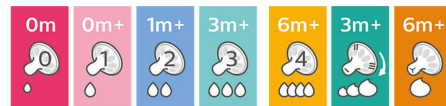

Known for its golden color, PPSU gives you both comfort and durability. The material has a high heat resistance*, similar to glass, while still being lightweight.

Anti-colic valve technology

Our unique anti-colic valve technology is designed to reduce colic and discomfort, by venting air into the bottle instead of your baby's tummy.

Change teat as baby grows

We have a range of teats to support your baby's needs. Adjusting the flow rate helps match their natural feeding pace as they grow.*

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.
