Steam generator

PerfectCare 8000
Series

Speed mode

Intelligent automatic steam

Guaranteed no burns*

Ultra-light iron

PSG8130/80

The iron that adapts steam to your ironing speed Effortless ironing. Fast results.

PerfectCare 8000 Series offers effortless ironing with our new sensor technology. It allows vertical and horizontal ironing with automatic steam. Speed mode adapts the amount of steam based on your ironing speed for even faster results.

Effortless ironing with fast results

- Adapts steam to your ironing speed
- Iron effortlessly with automatic steam

Ultimate performance

- Updated motion sensor for easy vertical use
- Ultra-powerful steam for crease removal
- OptimalTEMP technology, no burns guaranteed*

Extra convenient to use

- Ultralight iron for easy vertical steaming
- SteamGlide Elite soleplate for ultimate gliding performance
- 1.8 L detachable water tank for easy refilling
- Easy De-Calc to extend the lifetime of your iron
- Steam sound dampening to minimise noise
- Automatic shut-off when iron is left unattended
- Safe-carry lock for safe and easy transport

Highlights

Speed mode

Iron faster with speed mode. Your iron automatically adapts the ideal amount of steam to your ironing speed.

Intelligent automatic steam

Our new motion sensor knows exactly when the iron is moving on your clothes and delivers powerful steam automatically. Relax and enjoy effortless ironing, while the iron does the steaming for you.

Automatic vertical steam

Thanks to the new motion sensor technology that recognises your movements in any direction, we can offer an effortless experience to automatically steam hanging clothes, curtains and bedlinen.

Ultra-powerful steam

Strong, continuous steam for effective crease removal of even the most stubborn creases on the thickest fabrics.

OptimalTEMP

Achieve great results with one ideal temperature with OptimalTEMP, no burns guaranteed*

Ultralight iron

The iron is amazingly light and comfortable to handle, gliding easily and reducing wrist strain. Its minimal weight of only 800 g also makes it easy for vertical steaming of curtains and hanging clothes.

SteamGlide Elite soleplate

SteamGlide Elite is our best soleplate for ultimate gliding performance and maximum scratch resistance. Its stainless steel base is

twice as hard as a regular aluminium base, and our patented 6-layer coating with advanced titanium layer glides effortlessly for the fastest results.

1.8 l detachable water tank

The 1.8-litre transparent water tank gives you up to 2 hours of continuous use. When the water tank is empty, you will be reminded by the indicator light to refill at any time, which you can easily do under the tap through the large filling door.

Easy De-calc

Regular descaling protects your iron, extends its lifetime and ensures the best steam performance. Our exclusive Easy De-Calc system collects limescale continuously with an indicator light to tell you when it needs emptying. Simply remove the plug and let the water and scale particles flow out.

Steam sound dampening

Silencing filters minimise steam noise, so our powerful steam won't overpower the sounds of television, music or family.

Auto-shut off

Auto-shut off to save energy and for peace of mind.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Specifications

Technology

DynamiQ technology: 2nd generation
OptimalTEMP technology
Steam sound dampening: No

Fast crease removal

Continuous steam: Up to 170 g/min
Pressure: Max 8.5 bar
Steam boost: Up to 700 g
Power: Max 2700 W
Voltage: 220-240 V

Easy to use

Safe on all ironable fabrics
Soleplate: SteamGlide Elite
Water tank capacity: 1800 ml
Detachable water tank
Low water alert
Heat-up time: 2 min
Refill anytime during use
Tap water suitable

Scale management

Descaling and cleaning: Easy De-calc Plus
Calc clean reminder: Light and Sound

General specifications

Hose length: 1.8 m
Hose storage: Compartment
Power cord length: 1.8 m
Power cord storage: Compartment
Warranty: 2 year worldwide guarantee
Energy saving: 22%

Size and weight

Packaging dimensions (W x H x D): 56.7 x 35 x 32.7 cm
Product dimensions (W x H x D): 47.5 x 28.8 x 22.9 cm
Total weight with packaging: 7.4 kg
Weight of iron: 0.85 kg
Weight of iron + base: 4.9 kg
