### Air Purifier

#### Series 2000i

Reduces allergens, gases, odor

Captures 99.97% of particles

App connected

AC2889/42

Ideal for medium to large room

The Philips Air Purifier Series 2000i automatically monitors and purifies the air - then gives real-time air quality feedback via the display and connected App. Also use the App for outdoor air quality and allergy management advice.

#### **Superior purification**

Connect to cleaner air

- · Reduces allergens, gases, odors
- Captures 99.97% of particles that pass through the filter

#### Intelligent purification

- · Automatically monitors, reacts & purifies the air
- · Visualized air quality feedback
- 3 auto modes: General, Allergen, and Bacteria & Virus
- 5 manual settings, including quiet sleep setting

#### With Air Quality App

- Control purifier from anywhere
- · Track indoor and outdoor air quality
- Allergen management advice

#### Long-lasting performance

· Ideal for medium to large rooms

Air Purifier AC2889/42

## Highlights

#### **Superior purification**

With cutting edge sensing and purification technology, the Philips Air Purifier Series 2000i is proven to reduce allergens, odors, VOCs and even certain bacteira. The pre-filter and True HEPA filter remove particles. The Active Carbon filter reduces gases and odors.

#### 99.97% filtration

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.

#### AeraSense technology

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

#### Visualized air quality

In real-time, AeraSense shows you the air quality data via a numerical display and a color ring on the dashboard of the air purifier. The numerical display from 1-12 is an index of the indoor air quality, where 1 is good and 12 is polluted air. The color ring provides an additional visual cue, ranging from blue (good allergen & particle level) to red (bad allergen & particle level).

#### 3 auto modes

The Philips Air Purifier Series 2000i has 3 automatic purification settings: a General mode, an extra-sensitive Allergen mode, and an extra-powerful bacteria and virus mode. You can choose your preferred mode to personalize and optimize your purification.

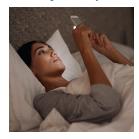

#### 5 manual settings

In addition to the 3 auto modes, the purifier also has 5 manual modes. Choose one of five different speed settings: from the extra-quiet

'Sleep' mode to the extra-powerful 'Turbo Speed' mode. Pick one that is ideal for your required purification.

#### **Remotely control purifier**

Control your air purifier from anywhere with the connected app. Turn on the air purifier, change the fan speed or check your filter lifetime through the Air Matters app.

#### Track your air quality

Use the App to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the App, which is then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

#### Allergen management advice

Based on the indoor and outdoor air quality levels, the App will give you advice to help you with your allergen management regimen.

Air Purifier AC2889/42

## Specifications

#### **Performance**

Room size: 277 m<sup>2</sup> CADR (Smoke): 179 m<sup>3</sup>/h CADR (Dust): 198 m<sup>3</sup>/h CADR (Pollen): 211 m<sup>3</sup>/h

0.3µm particle removal: 99,97 % Ultra fine particle removal: 20 nm

Recommended HEPA life time: 12 months Recommended AC life time: 6 months

Sound Power: 32-64 dB(A) Sound Pressure: 20.5-52 dB

#### **Features**

VitaShield IPS
AeraSense technology
Air Quality feedback: Numerical

PM2.5 sensor

Modes: 3 auto modes Aerodynamic design: 3 inlet Fan speed: 5 settings Healthy air lock & Alert Timer: 12 hour(s)

Motor: DC

#### **Design and finishing**

Color of control par

Color of control panel: Black 7 C Control panel type: Button Material of main body: ABS Material of deco ring: PMMA

#### **Technical specifications**

Voltage: 110 V Frequency: 50-60 Hz Cord length: 1.8 m Power: 56 W

#### Weight and dimensions

Weight of product: 7.7 kg Weight incl. packaging: 9.3 kg

Dimension of product (LxWxH): 412\*294\*612

Dimension of packaging (LxWxH):

359\*240\*558 mm

#### Replacement

Particle filter: 883442240540 AC filter: 883442040540

### Country of origin

Made in: China

#### **Sustainability**

Packaging: > 90% recycled materials User manual: 100% recycled paper
