

Philips Series 1000i
Air Purifier

Removes 99.97% particles @3nm

Allergens display
Up to 63 m2 /678 ft2
Auto, Sleep mode & app

AC1214/42

Intelligent purification

Connect to cleaner air

With professional-grade sensing performance, the Philips Air Purifier Series 1000 automatically monitors, reacts and purifies the air – then gives real-time air quality feedback via the display and connected App. Also use the App for outdoor air quality and allergy management advice. Ideal for bedrooms, with quiet NightSense auto-mode.

Superior purification
- Captures 99.97% of particles that pass through the filter
- Reduces allergens, gases, odors

Intelligent purification
- Visualized air quality feedback
- 3 auto modes: General, Allergen, and Night sensing
- 4 manual settings, including turbo speed
- Automatically monitors, reacts & purifies the air

With Air Quality App
- Control purifier from anywhere
- Track indoor and outdoor air quality
- Allergen management advice

Long-lasting performance
- Ideal for small to medium rooms

PHILIPS

Air Purifier
Removes 99.97% particles @3nm Allergens display, Up to 63 m2 /678 ft2, Auto, Sleep mode & app

AC1214/42

Highlights

99.97% filtration

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.

Visualized air quality

In real-time, AeraSense shows you the IAI index via a numerical display and a color ring on the dashboard of the air purifier. The numerical display is an index of the indoor air quality. The color ring provides an additional visual cue, ranging from blue (good air quality) to red (bad air quality).

3 auto modes

The Philips Air Purifier has 3 automatic purification settings: a General mode, an extra-sensitive Allergen mode, and a Night sense mode that automatically turns down the lights and fan speed when the room is dark. You can choose your preferred mode to personalize and optimize your purification.

4 manual settings

In addition to the 3 auto modes, the purifier also has 4 manual modes. Choose one of four different speed settings: from the extra-quiet 'Speed 1' to the extra-powerful 'Turbo Speed' mode. Pick one that is ideal for your required purification.

AeraSense technology

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Remotely control purifier

Control your air purifier from anywhere with the connected app. Turn on the air purifier, change the fan speed or check your filter lifetime through the Air Matters app.

Track your air quality

Use the App to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the App, which is then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

Allergen management advice

Based on the indoor and outdoor air quality levels, the App will give you advice to help you with your allergen management regimen.

Ideal for small to medium room

The Philip Air Purifier has been designed for small to medium rooms, such as a bedroom. It is recommended for rooms up to 200 sq ft.

Specifications

Country of origin
- Made in: China

Features
- PM2.5 sensor
- VitaShield IPS
- AeraSense technology
- Air Quality feedback: Numerical
- Modes: 3 auto modes
- Fan speed: 4 manual speed settings
- Child lock
- Healthy air lock & Alert
- Motor: DC

Energy efficiency
- Max. power consumption: 30 W
- Stand-by power consumption: <2 W
- Voltage: 220-240 V

Maintenance
- Replacement filter HEPA: HEPA filter FY1410 - 24 mos
- Replacement filter AC: AC filter FY1413 - 12 mos
- Service: 2-year worldwide guarantee

Connectivity
- App, connects via Wi-Fi: Clean Home+
- Smartphone compatibility: iPhone and Android devices
- Voice control: Alexa, Google Home (7)

Technical specifications
- Voltage: 120 V
- Cord length: 1.8 m
- Frequency: 50/60 Hz

Weight and dimensions
- Dimension of packaging (LxWxH): 10.12x14.61x23.74 inch / 257x371x603 mm
- Weight: 5.3 kg
- Weight incl. packaging: 234.22Oz/6.64 kg
- Dimension of product (LxWxH): 8.27x12.80x21.38 inch/ 210 x 325 x 543
- Weight of product: 183.78Oz/5.21 kg
- Dimensions (L*W*H): 325 *210 * 543
- Color(s): White

Design and finishing
- Color(s): White
- Color of control panel: Black 7C
- Material of main body: ABS
- Control panel type: Touch Panel

Service
- 2-year guarantee

Sustainability
- Packaging: <gt/> 90% recycled materials
- User manual: 100% recycled paper

Performance
- CADR (Particle, GB/T): 270 m^3/h
- Room size: 200 sq ft/ 18.85 m^2
- Room size (NRCC): Up to 63 m^2
- Filtration: HEPA, Active Carbon, Prefilter
- Air quality sensor(s): PM2.5 particle
- Particle filtration: 99.97% at 0.003 microns
- Allergens filtration: 99.99%
- Virus & aerosol filtration: 99.9%
- 0.3µm particle removal: 99.97 %
- Ultra fine particle removal: 3 nm
- Recommended HEPA life time: 12 months
- Sound Power: 32 - 62 dB(A)
- Recommended AC life time: 6 months

Usability
- Min. sound level (Sleep mode): 17 dB
- Cord length: 1.8 m
- Automatic mode
- Sleep mode
- Manual speed settings: 5 (Sleep,Speed 1, 2, 3, Turbo)
- Air quality feedback: Color ring, numeral feedback
- Auto-ambient light
- Max. sound level (Turbo mode): 50 dB (8)
