- Powerful 500W motor

Clean in 1 minute with QuickClean Technology

- Dripstop for clean kitchen counter
- Pulp naturally falls into one container
- QuickClean technology

PHILIPS

Highlights

Compact design

With only half the size*, this juicer takes limited space. You can leave it on your kitchen counter top or store it easily.

Juice up to 1.5L in one go

You can make up to 1.5L of juice in one go without needing to empty the pulp container.

Direct serve

This juicer allows you to use your own glass (Max 12cm height). Place it directly under the integrated tap and you are ready to juice.

Powerful 500W motor

Juice the toughest fruits and vegetables with the 500W motor.

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

Dripstop

The integrated drip stop allows you to stop between juicer sessions keeping your counter top spotless. Activate the drip stop by simply turning the spout.

Pulp in one place

Due to the round shape without nooks and crannies the leftovers is collected in the pulp container.

See-through pulp container

Enjoy a true interactive juicing experience. The lid and the pulp container are transparent so you can see your fruits and vegetables being juiced. You also directly see when the container is full which means it is time to empty it.

Dishwasher-safe

For even easier and faster cleaning all removable parts can be safely cleaned in the dishwasher.
