Up to 2x healthier teeth

Click on our AdaptiveClean brush head for a deep, gentle clean that leaves gums up to 2x healthier than a manual toothbrush. Soft rubber sides flex along every contour of your teeth and gums to absorb any excess pressure. Bristles can then reach deep between teeth giving you a comfortable, effective deep clean.

Design with storage in mind

Your deluxe USB travel case doubles as a charger so you stay topped up on the go. Place your toothbrush in the case and connect to your laptop or plug into a wall socket. Also includes a brush head holder for extra hygiene when traveling. As for charging at home, our sleek charger glass fits stylishly into your

bathroom and doubles as a glass for rinsing after brushing. Simply place your brush into the glass. Enjoy two weeks of regular use from a single full charge.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Extra deep cleaning

Our Deep Clean mode means you can really focus on specific areas, paying them extra attention. We've combined our unique brush head motion with an extended 3 minutes of brushing time so your teeth get a truly deep clean.
