Highlights

One charge, one month of brush

Charging your One is easy. Just pop off the end cap, plug in your USB-C cable and wait until the light indicator stops flashing. With a single charge, you can brush for 30 days. That's one month of whiter, brighter smiling.

Good vibrations

Think of the One as a powered version of your manual toothbrush. Microvibrations and contoured bristles gently clean and polish your teeth at the touch of a button.

A color for every style

From Shadow to Shimmer, Snow to Sage, choose the color to match your style. You can mix and match the brush head with the handle and create your own color combination.

Hassle-free Subscription

Maintaining your toothbrush should be easy. Subscribe to have replacement brush heads automatically delivered to your home every 90 days. No worries, just great teeth.
