Highlights

Sanitising UV light

Surround your brush heads with sanitising light: the UV Sanitiser's reflector distributes sanitising light around the entire top of the brush heads for optimal results.

Just press a button to clean

Press the button once to activate the UV Sanitiser.

Turns off automatically

Simple and safe: the UV Sanitiser conveniently turns itself off after its 10 minute cleaning cycle is complete.

Sonicare charger included

Charge your Sonicare toothbrush while your brush heads become clean and fresh. (Not compatible with DiamondClean, DiamondClean 9000 or DiamondClean Smart. Toothbrush not included.)

Engineered for Sonicare

Make sure your toothbrush is thoroughly cleaned, every time. Our UV Sanitising technology is designed to specifically kill germs on Sonicare brush heads.*
