* Fresh Air Mask (ACM066) has a 1 year warranty.
* This is based on Philips internal lab result, only calculated for fan itself.
* *based on 23,000 Chinese face data
* *With reference to the test conditions of the United States NIOSH and the Philips corporate standard, they are tested and certified by a third-party laboratory. Consumer should follow the instruction of use for such masks.
* Droplet size is defined as 0.5 to 12 microns according to EN14683. According to the third-party test, the filtration efficiency of Philips mask filter material for particles with the most penetrating particle size of 0.3 micron is over 95%, and for particles with the most penetrating diameter of 3 microns is 99%. Based on this, the calculated value is obtained.
