### Designed around your patient

- Timers encourage thorough 2 minutes of brushing
- Easy start program builds patients' Sonicare routine
- Angled neck to help tackle cleaning in tough areas
- Choose from 5 modes

### Improves patients' oral health

- Safe and gentle for your oral health needs

# Highlights

## Remove up to 6x more plaque

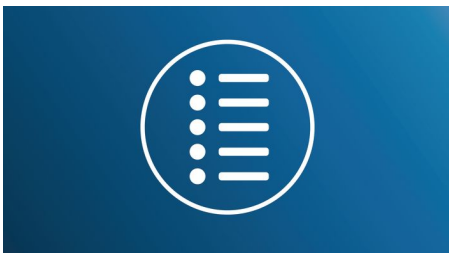

Click on our ProResults gum health brush head for exceptional gum care. Our bristles give patients an effective, gentle clean even in hard-to-reach spots. They get up to 7x better plaque removal\*, and gentle cushioning for an extra comfortable experience.

## Gentle daily whitening

Naturally whiten teeth with our unique sonic technology. This brush head helps to remove everyday stains from food and drink so patients can gently brighten their smile each time they brush.

## 5 modes

Patients can tailor their gum care with FlexCare+. They can boost cleaning with 5 modes including Clean – for an outstanding all-round clean, Sensitive – for gentle yet thorough gum cleaning, Refresh – to quickly

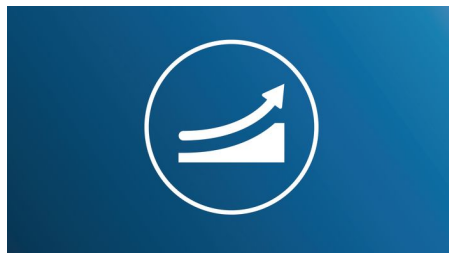

freshen up in 1 minute, Massage – for an invigorating massage and Gum Care – to stimulate gums and improve gum health.

## Quadpacer and Smartimer

It takes just 2 minutes for patients to thoroughly brush their teeth. Our QuadPacer lets them know when they've spent the optimal amount of time on each section of their mouth while our Smartimer signals when their total time is up. Together they will help them reach their recommended brushing time, every time.

## Ease into a new routine

Starting something new can take some getting used to. Our easy-start program gives your patients the option of a gradual, gentle increase in brushing power with the first 14 uses with their new toothbrush.

## Reach those tricky spots

The unique shape of your FlexCare+ toothbrush handle combined with our brush heads means that even tricky spots like back teeth get a thorough clean.

## Philips Sonicare technology

Powerful sonic vibrations whip up patients' toothpaste into plaque fighting bubbles, and drive them deep between teeth and along their gum line. At the same time, teeth will experience 62,000 gentle but effective brush strokes. They'll get a month's worth of manual brushing in just 2 minutes.

## Brush with confidence

Whatever your patients' specific needs, they can be sure of a safe brushing experience with the FlexCare+. Our sonic technology is suitable for use with braces, fillings, crowns and veneers, and can even be used in the daily treatment of gum disease.
