More innovation, less plaque between teeth Effective interdental cleaning for teeth and gums

Philips Sonicare FlexCare Platinum goes beyond traditional cleaning to remove up to 7x more plaque between teeth than a manual toothbrush. An intuitive pressure sensor and nine brushing combinations allow for personalized care and guidance.

Provides a superior clean

- Patented Sonicare toothbrush technology
- Designed to reach deeper and go further

Proven to improve oral health

- Intuitive pressure sensor

Designed around you

- Nine brushing experiences
- UV sanitizer
- Travel case and charger
- Long battery life and travel case

Guides you to follow dental recommendations

- Quadpacer and SmarTimer

Highlights

Sonic technology

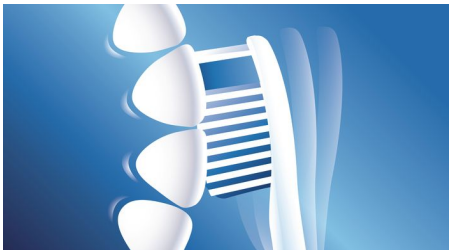

Drives fluid between the teeth and along the gumline for a powerful yet gentle clean.

Reach deeper and go further

This Philips Sonicare toothbrush head features extra-long, high-density bristles to target hidden plaque caught deep between teeth and other hard-to-clean areas.

Intuitive pressure sensor

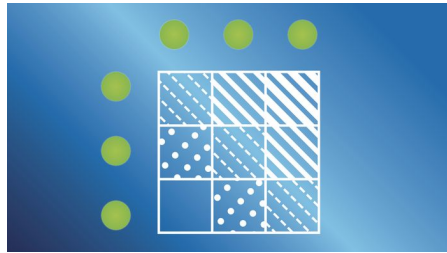

Helps guide proper technique by gently pulsating when the patient is brushing too hard.

Quadpacer and SmarTimer

Ensure patients are brushing their entire mouth for the recommended two minutes.

ModesNine brushing experiences

A choice of three cleaning modes (Clean, White, Deep Clean) and three intensity settings (Low, Medium, High) offers a customizable clean.

UV sanitizer

Kills up to 99% of bacteria and viruses (E. coli, HSV1, H.A.)

Designed to fit your lifestyle

Our premium travel case lets you store your toothbrush hygienically, while our compact travel charger keeps you topped up when you're on the go. You'll enjoy two weeks of regular use from a single full charge, so being on the move means you needn't miss out on that fresh feeling.

Travel case and charger

Convenient travel case and charger for easy on-the-go cleaning.
