# Highlights

## Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

## Easy-start program

This electric toothbrush with pressure sensor gently increases power over first 14 uses to ease into the Philips Sonicare EasyClean experience.

## Helps whiten teeth

This Philips electric toothbrush helps to remove and reduce stains on your teeth for a brighter smile.

## Sonic Technology

The unique dynamic action of a Philips Sonicare electric toothbrush gently and effectively reaches deep between teeth and along the gumline.

## Quadpacer

This electric toothbrush with quadrant timer splits your routine into 30 seconds intervals to indicate when you have completed each

quadrant of your mouth. It then signals for you to move on, resulting in more consistent cleaning throughout your mouth.

## Removes up to 2x more plaque

This electric toothbrush for plaque uses a patented Sonic Technology which removes up to 2x more plaque than a manual toothbrush.

## Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

## SmarTimer

2-minute timer on this Philips Sonicare electric toothbrush helps ensure dental professional recommended brushing time

# Specifications
