# PHILIPS

2 Series plaque control

2 Series plaque control

### 1 mode

### 1 brush head

#### HX6231/01

## Removes up to 7X more plaque\* \*than a manual toothbrush

Offers you superior plaque removal at the push of a button

#### Proven to improve oral health

- Up to 7x more plaque removal than a manual toothbrush
- A great way to get used to your new toothbrush

#### **Optimize your brushing**

Angled brush head for better access to back teeth

#### Innovative technology

Philips Sonicare's advanced sonic technology

#### Designed around you

Timers encourage thorough 2 minutes of brushing

#### Provides a superior clean

• Better plaque removal to help reduce cavities

# Highlights

#### Better access to back teeth

Slim, angled brush head provides better access to back teeth and hard-to-reach places

#### Easy-start program

Starting something new can take getting used to. That's why our easy-start program gives you the option of a gradual, gentle increase in brushing power the first 14 times you use your new toothbrush.

#### **Helps reduce cavities**

Provides better plaque removal and access to back teeth; brushing twice a day every day with this brush can help reduce cavities

#### The only true sonic technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

#### **QuadPacer and Smartimer**

It takes just 2 minutes to thoroughly brush your teeth. Our QuadPacer lets you know when you've spent the optimal amount of time on each section of your mouth while our SmarTimer signals when your total time is up. Together they help you reach your recommended brushing time, every time.

#### Say goodbye to plaque

Densely-packed, high-quality bristles remove up to 7x more plaque than a manual toothbrush. And the specially curved power tip makes reaching the teeth at the back of your mouth a breeze. HX6231/01
