# Highlights

## Sanitizing UV light

Surround your brush heads with sanitizing light: the UV Sanitizer's reflector distributes sanitizing light around the entire top of the brush heads for optimal results.

## Just press a button to clean

Press the button once to activate the UV Sanitizer.

## Turns off automatically

Simple and safe: the UV Sanitizer conveniently turns itself off after its 10-minute cleaning cycle is complete.

## Sonicare charger included

Charge your Sonicare toothbrush while your brush heads become clean and fresh. (Not compatible with DiamondClean, DiamondClean 9000 or DiamondClean Smart. Toothbrush not included.)

## Engineered for Sonicare

Make sure your toothbrush gets thoroughly clean, every time. Our UV Sanitizing technology is designed to specifically kill germs on Sonicare brush heads.\*
