Cleaning in between teeth

HX9002/07

Superior cleaning.* Deeper reach between. Cleaning in between teeth and hard-to-clean areas

The Philips Sonicare InterCare toothbrush head is perfect for those who want to target plaque buildup between teeth, relieve bleeding and inflamed gums, and reveal a healthy, beautiful smile.

Better plaque removal and gum care

- Removes up to 7 times more plaque than a manual toothbrush

Designed to optimize performance

- Improves gum health in just 2 weeks
- Designed to reach deeper and go further
- Reminder bristles ensure your most effective clean
- Philips Sonicare's advanced sonic technology

Proven to improve oral health

- Part of a better oral healthcare routine

A brush head that fits multiple handles

- Works with any Philips Sonicare click-on toothbrush

Highlights

Extra-long bristles

The InterCare brush head features extra-long, densely-packed, high-quality bristles to target hidden plaque caught deep between your teeth. It is clinically proven to reduce gingival bleeding and inflammation in just 2 weeks.

Reach deeper and go further

This Philips Sonicare toothbrush head features extra-long, high-density bristles to target hidden plaque caught deep between teeth and other hard-to-clean areas.

Removes up to 7x more plaque

Philips Sonicare InterCare brush head is clinically proven to remove up to 7 times more plaque between teeth than a manual toothbrush after just four weeks of use.

Maximized sonic motion

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognize when it's time for a replacement. For optimal results, replace your brush head every three months.
