

Philips PerfectCare Elite
Steam generator iron

Max 6.7-bar pressure

Up to 470 g steam boost
1.8 l water tank capacity
Detachable water tank

GC9630/20

The most powerful steam for the fastest ironing* with ultra-light iron

PerfectCare Elite is Philips' best and most efficient steam generator iron. With OptimalTEMP technology, you can now iron everything from jeans to silk with no temperature setting needed. Guaranteed no burns on all ironable garments.

No temperature setting needed; no burning, guaranteed

- Go from ironing jeans to silk; no need to change temperature setting
- Safe to leave the hot soleplate on the ironing board

Fast ironing with continuous powerful steam

- Powerful steam for ultimate crease removal
- Easy and efficient descaling system
- Philips' best gliding and most scratch-resistant soleplate
- Save energy with ECO mode

Ultimate ironing experience

- Lightweight and comfortable to handle
- Large detachable water tank for easy refilling
- Safe and secure carry lock
- Automatic switch-off for safety and energy saving

PHILIPS

Highlights

1.8 l detachable water tank

The detachable water tank allows you to easily refill anytime without stopping the appliance. It has a large filling hole so you can simply fill the water tank under the tap. It has a 1.8 l capacity, so you get the convenience of up to 2 hours of continuous use, with no need to top up the tank.

Energy saving

ECO mode allows you to save energy without compromising your ironing results. The ECO mode uses a reduced amount of steam, but still a sufficient amount to iron all your garments.

OptimalTEMP technology

With OptimalTEMP technology you'll no longer have to waste time changing

temperature settings, waiting for the temperature to adjust or pre-sorting clothes. Iron all fabrics, from jeans to silk, with no burning guaranteed thanks to the perfect combination of temperature and continuous powerful steam.

Safe carry lock

Your steam generator iron includes a safe carry lock, which securely fastens your iron to its base without the risk of it slipping or someone touching the hot soleplate. It ensures safe and easy transportation around the house, to and from storage.

Safe rest

Innovative OptimalTEMP technology guarantees no burning on any ironable fabric. As well as the reassurance this provides whilst ironing, it also means you can leave the hot iron soleplate directly on your cotton ironing board without causing any damage. This helps to reduce any discomfort to your wrists, as you won't need to lift the iron to and from its base as often.

Safety auto off

The safety auto-off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind about safety.

T-ionicGlide soleplate

The T-ionic Glide is Philips' most premium soleplate, promising superior gliding for faster, effortless ironing. It has a stainless steel base which is harder and more durable than aluminium, with an integrated titanium oxide layer for advanced scratch resistance. Plus the carefully designed shape and vents provide even better steam distribution for faster crease removal.

Specifications

Storage

- Carry lock: For transportation and safety
- Cord storage: Cord storage compartment, Velcro fix
- Hose storage: Hose storage compartment

Easy to use

- Water tank capacity: 1800 ml
- Safe on all ironable fabrics: Even delicates like silk
- Heat-up time: 2 min
- Soleplate gliding performance: 5 stars
- Safety auto off
- Soleplate name: T-ionicGlide
- Detachable water tank
