

Philips Avance Collection
MicroMasticating juicer

Up to 90% extraction

Quick clean, in 60 sec
Slim Design

HR1945/80

Unleash all the goodness into your glass

MicroMasticating extracts up to 90%* of the fruit

Philips' innovative MicroMasticating technology is designed to open up the cells of fruits and vegetables to squeeze the maximum out. Now with less preparation time thanks to large feeding tube. After juicing, all parts can be rinsed clean.

A juicer you can finally rinse clean

- Innovative drip stop keeps your counter clean
- Unique no-sieve design for cleaning in under 1 minute
- Easily detachable and rinsed clean without any kitchen tool
- Less preparation with 2 x larger feeding tube

Extract all the goodness from fruit and vegetables

- Juice all your favourites, including bananas and mangos
- Include leaves, greens and nuts in your drinks
- MicroMasticating extracts up to 90%* of the fruit
- Pre-clean function squeezes the last drops of juice out

Thoughtfully designed for your kitchen

- Slim juicer with all integrated parts
- Juice directly into your glass
- Inspiring recipe book included
- Detachable parts can be stored in the pulp container

PHILIPS

Highlights

MicroMasticating technology

Fruits and vegetables have many thousands of cells that contain juice, vitamins and other vital nutrients. Philips innovative MicroMasticating technology is designed to open up the cells to squeeze the maximum out of your favourite ingredients and will help you to get up to 90%* of your fruits into the glass and not as waste.

Soft fruits to hard vegetables

Make delicious healthy juices from soft fruits and hard vegetables. You can juice all your favourite combinations and use this product even for those special starchy ingredients that are normally very difficult to juice such as bananas or mangos.</p>

<p>Leaves and greens full of fibre are also great ingredients for healthy juices and they can all be processed in this juicer. Wheatgrass, spinach and many others could be an important health-adder to your daily juices with MicroMasticating technology. You can even use certain kind of nuts, such as almonds to prepare almond milk.</p>

<p>The pre-clean function is a special programme that squeezes the last drops of juice out of the juicer while cleaning the inside of your product at the same time. This will help you to get the best from your fruits and vegetables and avoid that valuable juice going to waste in the cleaning process.</p>
