# Highlights

## Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.\*\*

## Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

## An easy way to start

Interproximal cleaning is very important to overall oral health. AirFloss is an easy way to clean deeper between teeth, helping to form a healthy habit. After three months of using AirFloss, 96% of inconsistent flossers continued to use AirFloss four or more days per week.

## Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.\*\* Helps improve gum health in as little as two weeks.

## Cleans in just 60 seconds

With the AirFloss Pro/Ultra, patients can clean their entire mouth in less than 60 seconds a day. Patients simply select their desired burst frequency (single, double or triple) and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

## Fresh and clean with mouthwash

Patients can use with mouthwash for the ultimate fresh experience and anti-microbial benefits.

## Helps prevent cavities between

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between patients' teeth.

## High performance nozzle

The new AirFloss Pro/Ultra high performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

## Triple burst customization

AirFloss Pro/Ultra's powerful spray can be customized to your patient's liking with single, double, or triple bursts for each press of the activation button.

# Specifications
