

Philips  
Steam iron

**1700 W**

Anti-calc  
Non-stick soleplate

**GC1430/20**

## Easy and Effective

### 3 ways to make your ironing easier

This comfort steam iron makes your ironing easy and effective with lots of continuous steam and the non-stick soleplate soleplate makes your gliding easier. With comfort iron the ironing job is now made simpler.

#### **Easy gliding on all fabrics**

- Easy gliding on all ironable garments

#### **Longer lifetime**

- Calc clean slider to easily remove scale out of your iron

#### **Easy to remove creases**

- Power up to 1700 W enabling constant high steam output
- Continuous steam up to 20 g/min for better crease removal
- Steam boost up to 70g
- A fine spray evenly moistens the fabric

#### **Easy to start ironing**

- Large water tank 220ml and convenient water filling
- Bigger temperature dial for easier temperature adjustment
- Triple precision tip for optimal control and visibility

# PHILIPS

# Highlights

## Power up to 1700 W

Power up to 1700 W enabling constant high steam output.

## Continuous steam up to 20g/min

Continuous steam up to 20 g/min for better crease removal.

## Steam boost

The iron's 70 g steam boost enables you to easily remove even the most stubborn creases.

## Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Non stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for easy gliding performance on all ironable garments.

## Large water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

## Temperature dial

Bigger temperature dial for easier temperature adjustment

## Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

## Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

# Specifications
