# Highlights

## Easy water filling

Wider hole for easy water filling\*

## 220 ml water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

## Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

## Larger soleplate

Larger soleplate to cover more in one go\*

## Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

## Continuous steam up to 25g/min

Continuous steam up to 25g/min for good crease removal.

## Steam boost up to 90 g

Steam boost up to 90 g to remove tough creases

## Integrated water spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Power up to 2000 W

Power up to 2000 W enables constant high steam output.

## 4 steam settings

4 steam settings for better results on different fabrics

## Calc Clean slider

This steam iron can be used with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.
