PHILIPS

Highlights

Rapid Air technology

Rapid Air Technology, with its unique starfish design, swirls hot air to create delicious foods that are crispy on the outside and tender on the inside, with little to no added oil.

Air is the new oil

The Philips Airfryer uses hot air to cook your favorite foods to crispy perfection, with up to 90% less fat.*

Tasty Airfryer recipes

Discover hundreds of mouthwatering Airfryer recipes that are tasty, healthy, and fast to make. The recipes in the NutriU app are curated by nutritional experts for everyday cooking.

Personalized recipes

Receive daily recipe recommendations that suit your family's preferences. The more you use NutriU, the better it can tailor delicious recipe ideas to your needs. Get inspired by other cooks, and follow people with similar tastes***.

12-in-1 Cooking functions

The Philips Airfryer opens up a world of possibilities: fry, bake, grill, roast, dehydrate, toast, defrost, reheat, and many more.

Time and energy efficient

Philips Airfryers work more efficiently to save you time and energy by cooking delicious meals with up to 70% less energy and up to 50% faster than a traditional oven.***

Homemade. Made easy.

Unleash the full potential of your Airfryer to cook meals that are tastier and healthier. Explore time-saving features and strengthen your cooking skills to make homemade meals that you and your family love, every day.

Time and Temp control

The integrated timer allows you to preset cooking times of up to 60 minutes. The auto shutoff function includes a sound to let you know your dish is ready. A fully-adjustable temperature control lets you preset the best heat setting for the food you're cooking, up to 200 degrees. Enjoy crispy golden-brown fries, snacks, tasty chicken and more – all prepared at the right temperature for the ideal amount of time.

Airfryer experts for 10+ years

Our team of experts have been perfecting the Airfryer technology for over 10 years.
