- Temperature light indicates when the iron is hot enough

# PHILIPS

# Highlights

## Finished soleplate

This iron features a high-quality finished aluminum soleplate for long-lasting performance.

## Button groove

The button groove makes ironing along buttons and seams fast and easy.

## Iron temperature-ready light

Indicator light goes off when the required ironing temperature has been reached.

## Pointed tip

The uniquely pointed tip allows you to iron even the hardest to reach areas.

## Easy storage

The cord can be wrapped around the heel rest, so that the appliance is easy to store.

## Easy temperature control

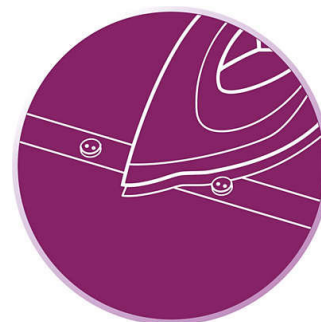

An elevated temperature control is easy to operate and precise. You will always have the right temperature for your garment.

## Long lasting cord

The quality long-lasting cord ensures long lifetime performance

## Slim tip soleplate

The slim tip of the soleplate allows to reach easily in the most tricky areas, such as between the buttons, when making pleats and in the corners.

## Temperature light-indicator

Temperature light goes on when the iron is heating up and goes off when the soleplate temperature has reached the set level.

## Tested design for durability

This design has been tested under rigorous quality measures to provide long-lasting performance
