Designed around you

- Easy-start programme builds your Philips Sonicare routine
- Timers encourage thorough 2 minutes of brushing

Innovative technology

- Philips Sonicare's advanced sonic technology

Recommended by dental professionals worldwide

- Better plaque removal to help reduce cavities

Highlights

Helps whiten teeth

This Philips Sonicare electric toothbrush helps to remove and reduce stains on your teeth for a brighter smile.

Helps reduce cavities

Provides better plaque removal and access to back teeth; brushing twice a day every day with this brush can help reduce cavities

Ease into your new routine

Starting something new can take some getting used to. Our easy-start programme gives you the option of a gradual, gentle increase in brushing power with the first 14 uses of your new toothbrush.

Quadpacer and Smartimer

It takes just 2 minutes to thoroughly brush your teeth. Our Quadpacer lets you know when you've spent the optimal amount of time on each section of your mouth while our Smartimer signals when your total time is up. Together they help you reach your recommended brushing time, every time.

Gentle daily whitening

Naturally whiten teeth with our unique sonic technology. This brush head helps to remove everyday stains caused by food and drink so you can gently brighten your smile each time you brush.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.
