PHILIPS

Highlights

Anti-Splash blade guard

The special wave shapes in the bottom part of the hand blender blending bar guarantees no splashes or mess while you blend

Ergonomic design

The robust and ergonomic design offers convenience and ease of use for consumers

ProMix technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending

Single button release system

Easily attach and detach accessories for various functions with one press of a button.

Single whisk

Single Whisk accessory for Philips hand blender for whipping cream, mayonnaise, pancake batter and more.

Turbo function for extra power

With the Turbo function of the Philips hand blender you can cut even the toughest ingredients with a touch of a button

Compact chopper

With the compact chopper accessory, you can easily chop herbs, nuts, cheese, chocolate and onions.
