Superior cleaning in seconds

Our sonic power enables you to take full advantage of the limited amount of time your kids spend brushing as they build healthy habits and perfect their brushing technique.

Maximised sonic motion

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Click-on brush head system
