Sonic electric toothbrush

HX3681/23

# Highlights

### Removes plaque 7x better\*

Sonicare electric toothbrush with advanced sonicare technology is clinically proven to remove up to 7x better\* plaque from your teeth and along the gum line while protecting your gums.

### Protects your gums

Built-in pressure sensor automatically detects pressure you apply, warns you, and reduces the toothbrush vibrations automatically to help protect your gums. The toothbrush will make a pulsing sound as a reminder to ease off the pressure. 7 out of 10 people found this feature helped them become better brushers.

### SmartTimer and QuadPacer

2 minute SmartTimer and 30-second QuadPacer guide you to brush for the recommended time in all areas of your mouth to ensure a complete clean.

### Advanced Sonicare Technology

Powerful bristle vibrations drive microbubbles deep between your teeth and along your gum line for a refreshing experience. You will get two month's worth of manual brushing in just 2 minutes.\*\* 31000 brush strokes per minute gently clean your teeth, break up plaque, and sweep it away for an exceptional daily clean.

### BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync

technology tracks how long you've been using your brush head for, and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep gives you a heads up when it's time to replace it.

### 2 intensity settings

Switch between 2 intensity settings to make the brushing session comfortable for you.

### Long lasting battery life

Battery life lasts up to 14 days so you can go long periods without charging.

### Goodbye adapter. Hello USB.

Power adapters may seem small, but added together, their plastics make a huge impact on the environment. By switching to USB charger in our Philips Sonicare 1000-4000 Series alone, we can use up to 189,210 kg less plastic every 4 years. That's powerful, right?
