Your personal brew, tailored to you

Easily personalize your coffee with taste presets

Intuitively personalize aromatic coffees like Cappuccino and Latte Macchiato with preset taste profiles via the CoffeeMaestro menu and enjoy silky milk froth from our external milk carafe - even when making two milk drinks at the same time.

Convenient Experience & Maintenance

- HygieSteam removes $\leq 99.9\%$ of microorganisms on carafe parts*
- AquaClean: extend machine lifetime and improve coffee taste*

High Quality Coffee & Technology

- At least 20,000 cups with our most durable ceramic grinder
- ExtraShot setting to boost your drink's intensity
- Large sealed bean container to keep your beans fresh
- LattePerfetto for dense milk foam with a fine texture
- Optimally-balanced temperature and aroma via Aroma Extract

Personalized Variety

- Enjoy 16 delicious beverages with your personal touch
- 3 taste presets tailored to your needs with CoffeeMaestro
- LatteDuo: Enjoy double servings of any recipe at one touch
- Customize up to 5 coffee settings with the CoffeeEqualizer™
- Personalize up to 6 profiles and save your favorites

Highlights

16 delicious beverages

Explore the world of coffee, from familiar recipes such as Espresso and Cappuccino to specialty coffee drinks like Italian Espresso Macchiato.

CoffeeMaestro

Personalize your coffee experience by selecting a desired taste profile (Delicato, Intenso, Forte) for your beverage. The coffeemaker automatically adjusts the brewing settings like strength, coffee volume and pre-wetting time, to serve you the right taste.

Automatic Cleaning* HygieSteam

Our innovative automatic cleaning system, HygieSteam, removes 99.9% of microorganisms on milk carafe parts*.

100% Ceramic Grinders

Our grinders are made of high-tech ceramic: they're exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating. All of the best flavors and aroma are extracted, for 20,000 cups or more of delectable coffee. Easily adjust the grinder with 12 settings.

AquaClean Water Filter

AquaClean is our patented water filter, designed to improve the quality of your coffee by purifying water. It also prevents scale buildup in the water circuit of your coffee machine. Make up to 5000** cups without descaling by replacing the filter regularly.

LatteDuo

Prepare and enjoy single or double servings of any coffee recipe with one touch, including Cappuccino or Latte Macchiato.

CoffeeEqualizer™

Get interactive guidance for unlimited personalization, with our CoffeeEqualizer™. Craft your coffee the way you prefer by customizing the strength, coffee and milk volume, temperature, milk foam density and add an ExtraShot.

Aroma Extract

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction. It does this by keeping the water temperature between 90 and 98°C, while regulating the water flow rate, so you can enjoy delicious coffees.

ExtraShot function

Boost your drink's intensity with the ExtraShot setting via the CoffeeEqualizer™ or the Forte taste profile on the CoffeeMaestro menu. Two ways to add powerful flavor without the bitterness

Specifications

Weight and dimensions

- Weight of product: 8.5 - 9 kg
- Dimensions of product (WxDxH): 262 x 448 x 383 mm

Country of origin

- Made in: Romania
- Designed in: Italy

Technical specifications

- Voltage: 230 V
- Color(s): Metal Front
- Cord length: 120 cm
- Frequency: 50 Hz
- Capacity milk carafe: 0.6 L
- Capacity waste container: 12 servings
- Type of boiler: Stainless steel boiler
- Capacity water tank: 1.8 L
- Type of carafe: Milk Container Plastic Lid
- Coffee bean capacity: 300 g
- Waste container: Frontal access
- Water tank: Frontal access
- Filter compatibility: AquaClean
- Max. cup height: 150 mm
- Drip tray capacity: 500 ml
- Pump pressure: 15 bar

General specifications

- Milk Solution: External milk carafe
- Dishwasher safe parts: Drip tray & grid, Milk container & lid, HygieSteam container & holder, Coffee Grounds Container, Measuring scoop
- Customizing per drink: Aroma Strength, Coffee Quantity, Milk Quantity, Water Quantity, Drink Temperature, Foam Amount, ExtraShot

Accessories

- Included: Measuring scoop, Water hardness test strip, Grease Tube, Milk container, Milk Tube, AquaClean filter

Customization

- Aroma Strength Settings: 5
- Coffee and Milk Length: Adjustable
- Grinder Settings: 12
- Pre Brew Aroma control
