Our best ever toothbrush, for complete oral care Feel confident, with 100% coverage

The DiamondClean Smart is our best toothbrush, for complete care. Four high-performance brush heads let you focus on all areas of your oral health, and our Smart Sensor technology gives you personalized feedback and coaching.

Proven to improve oral health

- Removes up to 10x more plaque* for a deep clean
- Up to 7x healthier gums* in just 2 weeks
- Remove up to 100% more stains** in just 3 days

Personalized in-app coaching to perfect brushing

- Takes you back to any missed spots for 100% coverage
- Alerts you if you're pressing too hard
- Start taking better care of your trouble areas
- Guides you to brush and highlights missed areas
- Guides you to reduce your scrubbing

Optimize your brushing

- Premium charging glass and travel case
- Brush heads automatically select the optimal settings
- Choose from 4 modes and 3 intensity settings
- Make sure you're getting the most from your brush head

Highlights

Say goodbye to plaque

Click on the C3 Premium Plaque Control brush head to experience our deepest clean. With soft flexible sides, the bristles contour to the shape of each tooth's surface to provide 4x more surface contact*** and remove up to 10x more plaque from hard-to-reach areas*.

Care for your gums

Click on the G3 Premium Gum Care brush head to improve your gum health. Its smaller size and targeted gum line bristles deliver gentle yet effective cleaning along the gum line, where gum disease starts. It's clinically proven to deliver up to 100% less gum inflammation* and up to 7x healthier gums in just two weeks.*

Whiter teeth, fast

Click on the W3 Premium White brush head to remove surface stains and reveal your whitest smile. With its densely packed central stain removal bristles, it's clinically proven to remove up to 100% more stains in just three days.**

Never miss a spot

The Philips Sonicare app lets you know when you've achieved a thorough clean, and coaches you to be a better, more mindful brusher.

TouchUp feature

If you happen to miss a spot while brushing your teeth, your app's TouchUp feature will show you. You can then go back for a second pass, and be confident you are getting a complete clean, every time.

Focus areas and goal-setting

Any trouble areas your dentist has pointed out? We'll highlight them on your in-app 3D mouth map, and remind you to pay extra attention to these areas.

Too much pressure?

You might not notice when you brush too hard, but your DiamondClean Smart will. If you use too much pressure, the light ring on the end of your handle will flash. This is a gentle reminder to ease off the pressure, and let your brush head do the work. 7 out of 10 people found this feature helped them become a better brusher.

Easy does it

With an electric toothbrush, you let the brush do the work. We've built a scrubbing sensor into your handle as a gentle reminder to reduce scrubbing. This way, you can improve your technique and get a gentler, more effective clean.

BrushSync mode pairing

Wondering which mode and intensity you should use? Wonder no longer. A microchip in your brush head tells your DiamondClean Smart which one you're using. So if you click on a gum-care brush head, for example, your toothbrush knows to select the optimal mode and intensity to provide a gentle yet effective care for your gums. All you need to do is to press the power button.

Specifications

Connectivity

Bluetooth® wireless technology: Connected brushing app

Power

Voltage: 110–220 V

Technical specifications

Operating time (full to empty): 14 days*****

Battery: Rechargeable

Battery type: Lithium ION
