Highlights

MicroMasticating technology

Fruits and vegetables have many thousands of cells that contain juice, vitamins and other vital nutrients. Philips innovative MicroMasticating technology is designed to open up the cells to squeeze the maximum of your favorite ingredients and will help you to get up to 90%* of your fruits into the glass and not as waste.

Soft fruits to hard vegetables

Make delicious healthy juices from soft fruits and hard vegetables. You can juice all your favorite combinations and use this products even for those especial starch ingredients that are normally very difficult to juice such as bananas or mangos.</p>
