Steam generator iron

Max 5.2 bar pump pressure

Up to 300 g steam boost
1.5 L fixed water tank
Carry lock

GC6740/36

Iron faster with 2x more steam*

Powerful, continuous steam works faster than a steam iron, with an easy-to-refill water tank and quick heat-up. Compact and lightweight for easy storage.

Fast & powerful

- Calc-clean container included — no cartridges, no extra cost
- Powerful steam for ultimate crease removal
- Ceramic soleplate for durability and easy gliding

Compact & convenient

- Lightweight and compact for easy use and storage
- Carry lock for safe and easy transport
- Automatic shut-off when the iron is left unattended
- Large tank for long use

PHILIPS

Highlights

Ultra-powerful steam

Strong, continuous steam tackles even the thickest fabrics with ease. Watch stubborn creases melt away with an extra steam boost just where you need it. This extra steam is perfect for vertical steaming to refresh clothes and curtains, too.

Auto shut off

The automatic shut off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Smart descaling

Our built in descaling system, Smart Calc Clean reminds you when you need to descale. It includes a container to make descaling easy. This means no cartridges are required and no additional costs.

Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing

board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It's non-stick, scratch-resistant and simple to keep clean.

1.5 L water tank

A 1.5-liter transparent tank gives you more than 1 hour of continuous use. See clearly how much water is left and refill easily at any time under the tap through the large filling door.

Specifications

Easy to use

- Water tank capacity: 1500 ml
- Soleplate gliding performance: 3 stars
- Safety auto off
- Soleplate name: Ceramic
- Refill any time during use
- Tap water suitable
- Power cord length: 1.65 m
- Hose length: 1.6 m
- Ready to use: Light indicator, Sound indicator
- Soleplate scratch resistance: 3 stars
