Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Say goodbye to plaque

Densely-packed, high-quality bristles remove up to 3 x more plaque than a manual toothbrush. And the contoured bristles fit the shape of your teeth, so you can easily clean those hard-to-reach areas.

Quadpacer and Smartimer

It takes just 2 minutes to thoroughly brush your teeth. Our Quadpacer lets you know when you've spent the optimal amount of time on each section of your mouth while our Smartimer

signals when your total time is up. Together they help you reach your recommended brushing time, every time.

Ease into your new routine

Starting something new can take some getting used to. Our easy-start programme gives you the option of a gradual, gentle increase in brushing power with the first 14 uses of your new toothbrush.

Battery life
