PHILIPS

Highlights

Rapid Air technology

Airfryer's unique Rapid Air technology enables you to fry, bake, roast and grill, the tastiest snacks and meals with less fat than a conventional fryer, by using little or no oil! Philips Airfryer with Rapid Air technology also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

Smart preset button

Save the settings of your favourite dish so that next time, your meal is ready at the touch of a button!

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

International recipe booklet

This recipe book created by culinary experts gives inspiration for a variety of low-fat fried food that you can cook in the Airfryer. It also introduces you to recipes that showcase the versatility of the appliance so that you can grill, bake and even roast food healthier, faster and more conveniently.

More power

Enhanced performance for even faster results! You can now enjoy more power* for great tasting fried food and more with less fat!*

Unique product design

Philips Airfryer's unique design which combines fast circulating superheated air, starfish design

and optimal heating profile allows you to fry a variety of delicious meals in a fast, easy and healthier way without necessarily adding oil.

2.65lb cooking capacity

2.65lb capacity to feed up to 5 people.

Digital Control

The digital touchscreen interface lets you easily customize the settings to cook your food exactly as you want. The Philips Airfryer's integrated timer allows you to preset cooking times up to 60-minutes and includes a ready indicator and auto-off function. The fully adjustable temperature control allows you to preset the best cooking temperature for your food up to 390°F. Enjoy crispy golden fries, snacks, chicken and more all prepared at the right time and temperature for the best result!
