Clinically proven to provide superior cleaning *

Gently removes stains for naturally whiter teeth

Designed to be the perfect toothbrush for transitioning from your manual toothbrush. It feels like you've never brushed your teeth until now.

Proven to improve oral health

- Innovative bristle design softly sweeps plaque away

Designed around you

- Timers encourage thorough 2 minutes of brushing
- Easy-start programme builds your Philips Sonicare routine

Innovative technology

- Philips Sonicare's advanced sonic technology

Optimise your brushing

- Battery life
- Click-on brush head system

Highlights

The only true sonic technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Softly sweeps away plaque

This Philips Sonicare S Sensitive brush head features ultra-soft bristles for gentle, effective cleaning. And the contoured bristles fit the shape of your teeth for an ultra-sensitive brushing experience.

Quadpacer and Smartimer

It takes just 2 minutes to thoroughly brush your teeth. Our Quadpacer lets you know when you've spent the optimal amount of time on each section of your mouth while our Smartimer

signals when your total time is up. Together they help you reach your recommended brushing time, every time.

Ease into your new routine

Starting something new can take some getting used to. Our easy-start programme gives you the option of a gradual, gentle increase in brushing power with the first 14 uses of your new toothbrush.

Battery life

Lasts up to 14 days between charges.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits Philips Sonicare toothbrush PowerUp Battery, Essence+ / Elite+ / CleanCare+ handles.
