PHILIPS

Highlights

Up to 5 bar pressure

5 bar

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Continuous steam

The more steam, the faster the ironing. The unique technology in a Philips steam generator iron generates powerful steam making ironing easier, better and faster.

SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

Detachable watertank

With a detachable watertank you can refill the tank anywhere, anytime. Making it easy and convenient. Simply take out the tank and fill it up with water wherever it is most convenient for you. Place the tank back into position and you are ready to go.

Detachable 1.6 L watertank

A large watertank capacity enables you to iron with steam without having to refill. The tank can hold a large amount of water so you can iron up to 3 hours uninterrupted. Being detachable, you can easily re-fill the tank any time. It gives you endless, powerful steam.

Iron resting mat

To improve comfort during ironing you can place the iron everywhere with the heat resistant iron resting mat. As you do not need to put the iron on its heel during intervals, you decrease the straining of your wrist. The resting mat is highly heat resistant, even when a soleplate heated to 250 °C is placed on it.

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Automatic cord winder

Thanks to the automatic cord winder, you can just press the button to automatically retract the powercord.
