Attentive and anticipating at your command

- Enjoy a great coffee with Auto-Rinse & guided descaling

Every coffee crafted to perfection

- Hot coffee from the first cup with Thermoblock
- Iconic stainless steel finishing, shaped to precision

 **Saeco**

Highlights

100% ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

6 beverages

Enjoy a wide variety of drinks to suit any occasion. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Auto-Rinse & Guided descaling

This espresso machine automatically cleans its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will prompt when descaling is needed. It will guide you with on-screen messages what you have to do and when.

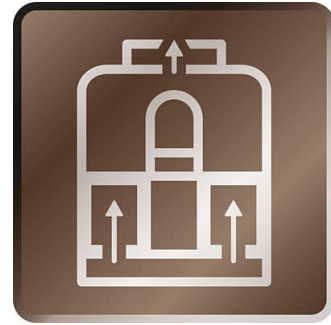

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and

temperature for each drink. Feel free to explore, experiment and dream up any drink!

Front loading for easy access

Your super-automatic espresso machine is effortless to use thanks to the frontal loading of the water tank and the dump box.

Integrated milk carafe

Enjoy super creamy cappuccino and Latte Macchiato at the perfect temperature, in the easiest way possible. Simply pour milk into the carafe, plug it into the machine, and select your preferred beverage. Whether it's a cappuccino or frothed milk, your drink will be served within seconds, with a splash-free flow at the ideal temperature.
