- Tested to meet your oral health needs
- Always know when to replace. Always get an effective clean.

Philips Sonicare's deep clean

- Up to 100% less stains for whiter teeth

For exceptional plaque removal

- Up to 10x more plaque removal than a manual toothbrush

Eco-friendly Design

- 70% bio-based plastic

Highlights

Say goodbye to plaque

And thanks to its flexible design, it removes up to 10x more plaque from hard-to-reach areas* for a truly deep clean along the gum line and between teeth.

Adaptive cleaning technology

Experience up to 100% less stains for whiter teeth*** in just 3 days with the C3 Plaque Removal+Whitening brush head. Its dense bristles, packed into the center, work hard to remove plaque, and everyday surface stains from food and drinks. Flexing sides let bristles contour to the unique shape of your teeth and gums for deep cleaning and a brighter smile in just 3 days.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync mode-pairing feature****. The Philips Sonicare C3 Plaque Removal+Whitening brush head syncs with your BrushSync enabled Philips Sonicare toothbrush

handle****, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.

Uses bio-based plastic

We are working towards reducing the use of fossil-fuel based plastic in our products. That's why 70% of the plastic used in this brush head is bio-based.*****

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Brush head replacement cues

Brush heads become less effective after 3 months of use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush, and will notify you when it's time for

a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

Easy to click-on

Your C3 Plaque Removal+Whitening brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
