Superior cleaning, whiter teeth

HX6063/22

Superior cleaning* for whiter teeth

Advanced clean for stain removal and whiter teeth

Philips Sonicare DiamondClean brush heads remove up to 100% more stains vs. a manual toothbrush for whiter teeth in just one week. Clinically proven to remove up to 7x more plaque vs. a manual after four weeks of use.

Proven to improve oral health

- Part of a better oral healthcare routine

Designed around you

- Reminder bristles
- Works with any Philips Sonicare click-on toothbrush

Provides a superior clean

- DiamondClean toothbrush head for Sonicare's best whitening
- Patented Sonicare toothbrush technology

Highlights

DiamondClean brush head

DiamondClean toothbrush heads, Philips Sonicare's best whitening brush head, have diamond shaped bristles to effectively yet gently remove surface stains and scrape away plaque. Removes stain build up from coffee, tea, red wine, cigarettes and tobacco in just 1 week.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help patients recognize when it's time for a replacement. For optimal results, replace brush heads every three months.

Click-on design

Philips Sonicare brush heads click on and off the brush handle for a secure fit and easy maintenance and cleaning. Fits all Philips Sonicare toothbrush handles except: PowerUp and Essence.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Sonic technology

Drives fluid between the teeth and along the gumline for a powerful yet gentle clean.
