Superior cleaning, whiter teeth

HX6065/54

Superior cleaning* for whiter teeth

Advanced clean for stain removal and whiter teeth

Philips Sonicare DiamondClean brush heads remove up to 100% more stains vs. a manual toothbrush for whiter teeth in just one week. Clinically proven to remove up to 7x more plaque vs. a manual after four weeks of use.

Innovative technology

- Rigorously tested to meet patients' oral health needs
- Prompts brush handle to select optimal mode*
- Philips Sonicare's advanced sonic technology

Designed to optimize performance

- Ensure effective gum care, plaque removal and whitening
- Works with any Philips Sonicare click-on toothbrush

For exceptional care of teeth and gums

- Removes up to 7x more plaque*

Highlights

Optimal plaque removal

Densely packed, high-quality bristles remove up to 7x more plaque than a manual toothbrush, while the specially curved power tip makes brushing hard-to-reach places easier than ever.

Brush head replacement cues

After three months of use, brush heads exhibit fatigue and become less effective. BrushSync™ reminds patients before their brushes lose efficiency. Each smart Philips Sonicare power toothbrush tracks how often patients brush and how much pressure they apply, then notifies them when it's time for a replacement brush head. For patients who don't use a smart toothbrush, blue reminder bristles fade to white, indicating it's time for a new brush head.

Safe on teeth and gums

All genuine Philips Sonicare brush heads are proven safe and gentle on teeth and gums. Our products are strictly tested to ensure patients get exceptional performance and durability each time they brush.

BrushSync™ mode-pairing

Give your patients a superior clean with our BrushSync™ mode-pairing feature.* The W DiamondClean brush head syncs with any BrushSync™ enabled Philips Sonicare toothbrush handle.* The best brushing mode and intensity level for exceptional whitening are automatically selected.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Easy to click-on

W DiamondClean simply clicks on to a Philips Sonicare toothbrush handle for a secure fit and easy maintenance and cleaning. W DiamondClean fits all Philips Sonicare toothbrush handles except PowerUp Battery and Essence.
