- Auto-cleaning cycle removes any hassle

High comfort is part of the experience

- The fully removable brewing group can be cleaned in no time

Advanced technology designed for coffee perfection

- Delicious hot Cappuccino and Latte Macchiato at one touch

 **Saeco**

Highlights

100% Ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

Quick Heat Boiler

When time is of the essence, you can brew perfect espresso and cappuccino without the wait, thanks to the Quick Heat Boiler. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

Specialty coffees at one touch

From, espresso to Lattemacchiato, there is an assortment of options waiting to satisfy your coffee cravings. Whether it's first thing in the morning or an after dinner treat, there's a taste for any time of the day, right at your fingertips.

Powder Option

Sometimes it's nice to have the option of a full-bodied, delicious coffee, without the caffeine kick. Thanks to the Powder Option you can make decaffeinated coffee whenever you please.

Stainless steel front

Every minute detail of this machine was designed and crafted to the highest quality. The solid, stainless steel front, vibrant display, and tactile feel of each button are the perfect balance of elegance, intuitiveness and Italian craftsmanship. The Saeco Incanto will grace any modern or traditional kitchen it finds for years to come.

Auto-cleaning

The automatic cleaning cycle makes it easy to look after, and it increases the machine's longevity – giving you more time to enjoy your coffee instead of cleaning up.

One-touch Cappuccino and Latte

For an irresistible, creamy foam consistency, the integrated milk carafe froths the milk twice, removing bubbles and impurities. At one press of a button, a splash-free flow of velvety foam pours straight into your cup at a comfortable temperature. The perfect complement to a rich, flavorsome coffee.

Specifications

Country of origin

- Made in: Europe

Accessories

- Included: Water filter
