- Enjoy hot coffee in no time with the Quick Heat Boiler
- Fine-tune the coffee's richness with 5 grinder settings
- Delicious milk froth thanks to the classic milk frother

 **Saeco**

# Highlights

## Classic milk frother

This Saeco espresso machine comes with the classic milk frother that baristas call a "Pannarello". It dispenses steam and is immersed in milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

## 100% Ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

## 5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings - from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

## Automatic circuit cleaning

Saeco designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee.

## Saves your coffee length

You will always get a perfect cup of espresso brewed according to your personal preference thanks to our memo function which allows you to adjust the coffee length to suit your taste. Enjoy a superb coffee drink with just the press of a button.

## Dishwasher-safe drip tray

For your convenience, you can wash the drip tray of your Saeco in the dishwasher. This will save time and ensure a hygienic cleaning.

# Specifications

## Weight and dimensions

- Weight of product: 6.9 kg
- Dimensions of product (WxDxH): 420 x 325 x 295 mm

## Country of origin

- Made in: Romania

## Technical specifications

- Voltage: 230 V
- Capacity bean container: 180 g
- Cord length: 0,8 m
- Frequency: 50 Hz
