G3 2-in-1 Plaque Removal+Gum

2-pack standard sonic toothbrush heads

HX9052/95

Highlights

Focus on gum health

With the Philips Sonicare G3 Plaque Removal+Gum Care brush head, even the deepest clean is gentle. As your toothbrush moves along the gum line, G3 Plaque Removal+Gum Cares flexible sides and bristles absorb any excess pressure so your gums are protected, even if you brush too hard. Bristles work hard to remove plaque and bacteria along the gum line helping to improve gum health. Thanks to this brush heads curved design, you can be sure of maximized bristle contact.

Adaptive cleaning technology

You get a personalized clean every time you brush with our adaptive cleaning technology. Soft rubber sides flex to let G3 Plaque Removal+Gum Care adapt to the shape of your teeth and gums, absorbing any excess brushing

pressure and enhancing our sonic cleaning power. Bristles can then adjust to the shape of your teeth and gums so you get up to 2x more surface contact than a regular brush head** for deeper cleaning even in hard-to-reach areas.

Say goodbye to plaque

Thanks to its flexible design, G3 Plaque Removal+Gum Care removes up to 10x more plaque than a manual toothbrush. It moves to enhance our unique Philips Sonicare cleaning technology so that however you brush, you get an exceptional clean you can see and feel.

Uses bio-based plastic

We are working towards reducing the use of fossil-fuel based plastic in our products. That's why 70% of the plastic used in this brush head is bio-based.****

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Brush head replacements

Brush heads become less effective after 3 months of use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush, and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

G3 2-in-1 Plaque Removal+Gum

2-pack standard sonic toothbrush heads

HX9052/95

Highlights

Easy to click-on

Your G3 Plaque Removal+Gum Care brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync mode-pairing feature****. The Philips Sonicare G3 Plaque Removal+Gum Care brush head syncs with your BrushSync enabled Philips Sonicare toothbrush handle****, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.
