# Highlights

### Softly sweeps away plaque

This Philips Sonicare sensitive brush head features ultra-soft bristles for gentle, effective cleaning. And the contoured bristles fit the shape of your teeth, for an ultra-sensitive brushing experience. Also available in smaller, compact size for precision cleaning.

### Reminder bristles

Brush heads become less effective after 3 months of use, but we'll remind you before this happens. Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

### Easy to click-on

Your Sensitive brush head fits perfectly with any Philips Sonicare toothbrush handle, except PowerUp Battery and Essence. Simply click on and off for easy replacement and cleaning.

### Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.
