Carry lock

GC7840/26

Iron faster with 2 x more steam*

Our most compact steam generator

Powerful, continuous steam makes fast work of all your ironing, without any need to adjust temperature thanks to our OptimalTEMP technology. Compact and lightweight for easy use and storage.

Compact technology

- Large tank for long use
- Automatic shut-off when iron is left unattended
- Lightweight and compact for easy use and storage
- Carry lock for safe and easy transport

No temperature setting needed; no burning, guaranteed

- Safe on all ironable garments, guaranteed not to burn
- OptimalTEMP technology, no temperature settings required

Fast ironing with continuous powerful steam

- Save energy with ECO mode
- Calc-clean container included - no cartridges, no extra cost
- Scratch-resistant SteamGlide soleplate provides good gliding
- Powerful steam for ultimate crease removal

PHILIPS

Highlights

1.5 L water tank

A 1.5 litre transparent tank gives you 1.5 hours of continuous use. See clearly how much water is left and refill easily under the tap through the large filling door.

Energy saving

Save energy and get the same great results. ECO mode reduces your energy consumption for garments that require less steam.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Automatic shut-off

The automatic shut-off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind.

No burns – guaranteed

Thanks to OptimalTEMP technology, we guarantee that this iron will never cause burns to any ironable fabric. You can even leave it resting face down on your clothes or ironing board. No burns, no shine. Guaranteed.

Smart descaling

Our built-in descaling system, Smart Calc Clean, reminds you when you need to descale. It also includes a container to make descaling easy. This means no cartridges are required and there are no additional costs.

Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

No temperature setting needed

Iron everything from silk to jeans without adjusting the temperature. Thanks to OptimalTEMP, no dial or settings are needed. So there's no more pre-sorting the laundry, or waiting for the iron to heat up and cool down. You're ready for any fabric, any time.

SteamGlide soleplate

Our special SteamGlide soleplate smoothly glides over any fabric. It's also non stick, scratch resistant and easy to clean.

Specifications

Easy to use

- Water tank capacity: 1500 ml
- Safe on all ironable fabrics: Even delicates like silk
- Soleplate gliding performance: 3 stars
- Safety auto off
- Soleplate name: SteamGlide
- Cord freedom (swivel): 180 degree cord freedom
- Refill anytime during use
- Tap water suitable
- Power cord length: 1.8 m
- Hose length: 1.6 m
- Integrated power plug
- Precision steam tip
- Ready to use: Light indicator, Sound indicator
- Soleplate scratch resistance: 4 stars

Technology

- OptimalTEMP technology
- For all ironable fabrics
- No burns
- No temperature settings needed
- ProVelocity steam engine
- Smart Control Processor

Accessories included

- Calc clean container

Fast crease removal

- Pressure: max 6.5 bar pump
- Power: 2400 W
- Continuous steam: Up to 120 g/min
- Steam boost: Up to 400 g
