Interactive sonic power. More fun, better brushing

An exciting start to lifelong healthy habits

Keep kids engaged while they learn to brush. The Philips Sonicare For Kids Bluetooth-enabled toothbrush interacts with a fun app that helps kids brush better and for longer. Kids have fun while learning techniques that will last a lifetime.

Interactive fun and Philips Sonicare technology

- 98% say it's easier to get kids brush longer and better*
- Keep track of brushing time even when you don't use the app
- Interactive app gets kids excited about brushing
- Exciting rewards for successful brushing sessions

Highlights

Fun, educational, effective

Interactive fun and Philips Sonicare technology

Interactive Sonicare For Kids

With the Philips Sonicare For Kids toothbrush and app, children can discover how to brush properly on their own. The app synchs with your kid's sonic toothbrush via Bluetooth to show proper brushing techniques and track performance. Kids can see how well they brush, and earn exciting rewards for a job well done. Educational, and effective, 98% of parents surveyed say it's easier to get their kids to brush longer and better. It's the fun way to help kids develop healthy oral care habits that will last a lifetime.

More fun, better results

Our Philips Sonicare For Kids toothbrush and app brings a whole new level of fun to brushing. The app's central character is the loveable Sparkly, who really likes to have clean teeth. Kids take care of Sparkly while the app's brushing coach challenges them to brush longer and better. Each time your kid brushes well, Sparkly gets happier and each successful brushing session is rewarded. Kids can unlock accessories to personalize their Sparkly, or they can win food for Sparkly, who likes to eat healthy. Parents can even choose rewards to place on the app themselves.

Bluetooth connection

Keep track of brushing time even when you don't use the app

Specifications

Power
