# Highlights

## Fun, educational, effective

Interactive fun and Philips Sonicare technology

## Interactive Sonicare For Kids

With the Philips Sonicare For Kids toothbrush and app, children can discover how to brush properly on their own. The app synchs with your kid's sonic toothbrush via Bluetooth to show proper brushing techniques and track performance. Kids can see how well they brush, and earn exciting rewards for a job well done. Educational, and effective, 98% of parents surveyed say it's easier to get their kids to brush longer and better. It's the fun way to help kids develop healthy oral care habits that will last a lifetime.

## More fun, better results

Our Philips Sonicare For Kids toothbrush and app brings a whole new level of fun to brushing. The app's central character is the loveable Sparkly, who really likes to have clean teeth. Kids take care of Sparkly while the app's brushing coach challenges them to brush longer and better. Each time your kid brushes well, Sparkly gets happier and each successful brushing session is rewarded. Kids can unlock accessories to personalize their Sparkly, or they can win food for Sparkly, who likes to eat healthy. Parents can even choose rewards to place on the app themselves.
