- Snooze function
- 4 display brightness levels – adjust to your preference

Naturally proven to work

- Developed by Philips, experts in light for over 100 years.
- The only Wake-up Light clinically proven to work

Highlights

Sunrise Simulation

Inspired by nature's sunrise, light gradually increases within 30 minutes until your room is filled with bright yellow light. This process of changing an increasing light stimulates your body to wake up naturally. By the time light has filled the room your chosen natural sound completes the wake up experience, leaving you ready for the day ahead.

Bedside Light

The sensitivity to light differs per person. In general, when using a higher light intensity a person needs less time to become fully awake. The 10 light intensities of the Wake-up light can be personalized and even be set up to 200 lux.

Gentle Beep

At your set wake up time a gentle beep will play to complete the wake up experience and ensure you are awake. The sound gradually increases in volume within one and a half minute.

Snooze function

The sound stops when you tap the top of the product. After 9 minutes the sound will gently start playing again.

Developed by Philips

Philips was founded over a 100 years ago as a company that produced and sold lightbulbs. Over 100 years Philips grew into a global company that brings innovation in lots of different areas. To this day lighting still is the soul of Philips. The Wake-up Light is proud to

continue its heritage by building on years of knowledge and expertise of the world's most well know lighting expert.

Proven by scientists

At this moment in time the Philips wake-up light is the only one scientifically proven to work. In order to make the Wake-up Light the best possible product it can be in genuinely waking you up naturally and energized we have done a lot of clinical research. This research was conducted by independent science facilities to study and prove the effects of the wake-up light on the overall wake up experience. This way we have proven, among other things, that the Philips Wake-up Light not only wakes you more naturally, but also more energized and that it improves your mood in the morning.

Light: Yellow

The light of the sunrise simulation moves from Yellow to bright Yellow.

4 display brightness levels

The brightness of the display can change from high-medium-low-very low-none.

Specifications

Technical

Box Dimensions (WxHxD): H200 x W200 x D130 mm
Box Weight: 600 gram
Cord Length EU/US: 150/180 CM
Voltage: 100/240 V
Frequency: 50/60 Hz
Insulation Device: Class III
Insulation Power Plug: Class II (double isolation)
Replaceable Lamp: No
Type of Lamp: Liteon SMD Lamp LED
Product Dimensions: H 180mm x W 180mm x D 115mm
Product Weight: 290 gram
