- QuickClean sieve
- Smooth and easy to clean surfaces

Squeeze every drop from your fruits and vegetables

- Juice up to 2L in one go
- Powerful 700 W motor
- XL feeding tube (75mm)

PHILIPS

Highlights

Pre-clean function

The Philips juicer is the 1st centrifugal juicer on the market with a pre-clean function. By pouring water in the pusher, you can create a water fountain in the appliance, which rinses away the unwanted fibers from the lid and makes the sieve easier to clean.

Quick and easy assembly

Quick and easy assembly of all parts.

See-through pulp container

Enjoy a true interactive juicing experience. The lid and the pulp container are transparent so you can see your fruits and vegetables being juiced. You also directly see when the

container is full which means it is time to empty it.

Juice up to 2L in one go

You can make up to 2L of juice in one go without needing to empty the pulp container.

XL feeding tube

The 75 mm extra large feeding tube allows you to juice even large fruits and vegetables like apples, carrots and beetroots without pre-cutting.

700 W motor

700W

Strong 700 W motor for blending, mixing and crushing effectively.

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

Integrated pulp container

The pulp will all be collected in the only place where it should be: in the pulp container of your Philips juicer. That means there is no need to remove pulp from other parts such as the lid anymore. Due to the round design and smooth surfaces without nooks and crannies, the pulp is easy to reach and the container is much easier to clean.

Specifications

Technical specifications

- Voltage: 220-240 V
- Cord length: 1 m
- Capacity: 2 L
- Power: 700 W
- Frequency: 50/60 Hz
- Pulp container: 1.2 L
- Feeding tube dia: 75 mm
- Capacity juice jug: 800 ml

General specifications

- Non-slip feet
