PHILIPS

Highlights

Adjustable thermostat

Adjustable thermostat ensures the perfect result.

High power

The high power of the appliance enables the grill plate to heat up fast, reaching operating temperature very quickly and saving you precious time. It also means that the grill surface keeps its heat when food is placed onto it because the high power ensures a fast recovery to the correct temperature.

Cut and seal plates

The cut and seal plates of the Philips sandwich maker seal ingredients inside the sandwich.

Cool touch handle

Cool touch handle.

Cord winding facility

Cord winding facility

Heating-up and ready-to-cook light

Heating-up and ready-to-cook light.

Non-stick coated plates
