- Unique TurboStar technology for healthier frying

### **Thoughtfully designed**

- Large 0.8-kg capacity, 20% more compact\*
- Universal EasyClick handle — easily exchange accessories

**PHILIPS**

# Highlights

## Easy clean in 90 secs

With Philips Airfryer QuickClean basket, which includes a removable non-stick mesh, cleaning becomes easier and faster. The removable non-stick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with TurboStar technology saves you and your home from the smell of fried oil compared to a regular fryer.

## Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food with no turning needed, even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. Crispy on the outside, tender on the inside.

## 50% more homogenous results

The innovative Philips TurboStar technology swirls the hot air rapidly through the whole basket. This results in more homogenous heat distribution and therefore 50% more evenly fried food\*. There is no need for turning — even when food is piled up. In addition, powerful direct heat from above quickly crisps the food.

## Small in size, big in capacity

The new Airfryer has been designed with compactness in mind (20% smaller), but is still able to cook a large amount of food (800 g). With its reduced size, it blends in perfectly on the kitchen worktop and serves delicious meals for the whole family. Its well-considered size enables everyday usage and a world of possibilities.

## Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Fat Removal technology also lets you grill, bake and even roast your favourite dishes for a one-stop solution for all of your meals.

## Instant heat-up

The Philips Airfryer is ready to use immediately. Inherently faster from start to finish, it drives everyday usage with its superiority throughout the cooking process.

## Healthier frying

The unique Philips TurboStar generates fast, superheated air to fry your food with little to no added oil. Philips Airfryer also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

# Specifications

## Technical specifications

- Cord length: 0.8 m
- Voltage: 220 V
- Power: 1425 W

## Design

- Colour: Black

## Service

- 2-year worldwide guarantee

## Technical specifications

- Capacity basket: 0.8 kg

## Weight and dimensions

- Dimensions of product (LxWxH): 365 x 266 x 292 mm
- Weight of product: 5.3 kg

## Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper
