Highlights

Integrated bean grinder

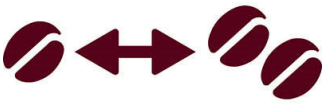

To have the delicious taste of freshly ground coffee, fresh coffee beans are grinded before brewing. This coffee maker has conical burr grinders to have the optimal grind size, which ensures the best taste.

Fresh bean duo-container

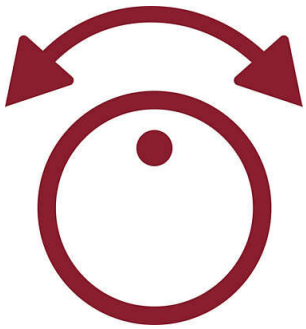

With the duo-container you can store two types of coffee beans. Select which type of bean you want to use for brewing. You can choose between the two types of coffee beans, or create your own blend, by selecting both.

Strength select

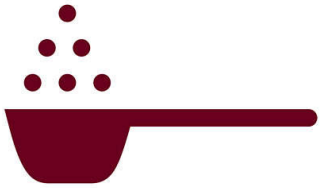

Adjust the intensity of your coffee from mild, medium or intense coffee.

Easy selection of settings

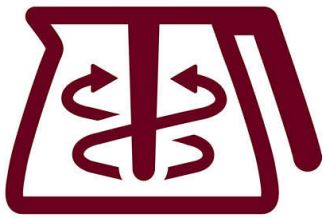

Personalize the coffee taste, by choosing between 9 grind size options. Select a fine grind for a stronger coffee taste or coarse grind for a lighter, smooth filter coffee.

Ground coffee brew

You can also use ground coffee instead of coffee beans. The grind-off function disables the grinder and you can simply fill ground coffee into the filter.

Aroma twister

This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

Adjustable keep-warm time

Select how long you want your coffee to stay hot after brewing. You can adjust the automatic shut-off time from 10 minutes up to 2 hours.

Timer

Wake up with the smell of fresh coffee thanks to the timer. Prepare your coffee maker, set the time, and a fresh jug of coffee is brewed at the time you desire.

Water level indication

Fill the water tank easily and precisely with the water level indication.

Weight and dimensions
- Weight of product: 4.6 kg

Consumer Trade Item
- Height: 50.5
- Width: 32
- Length: 28
- Net Weight: 4.643
- Gross Weight: 6.176
- GTIN: 08710103658016
- Country of origin: CN
- Harmonized system code: 85167100

Outer Carton
- Height: 53
- Width: 33.6
- Length: 57.6
- Net Weight: 9.286
- Gross Weight: 13.302
- GTIN: 18710103658013

Finishing
- Material of main body: Stainless steel & plastic
- Material water tank: Plastic

Service
- 2-year guarantee

Sustainability
- Power consumption brewing: 1000 W

Issue date 2022-05-02
Version: 1.1.2
